Supported Apartments

Supported Apartments are ideal for individuals who need onsite supervision, providing support with activities of daily living and life skills coaching.

Mary T. Inc. staff are located in a hub apartment which also serves as a community room. Staff are on-site throughout the day and are available at all times. This service model allows greater independence for those we serve but also security, knowing staff are nearby and easily accessible.

Services are tailored to meet the individuals' needs and may include independent living skills, medication and budget management, recreation, transportation, community meals, assistive technology and medical appointment management.
