

Enliven the Spirit

Paddywack Pooches: Give a dog a home

The primary goal of *Paddywack Pooches* is to offer safe haven to dogs who have been neglected, abused, abandoned, or forgotten. Most of our adoptable animals come from difficult situations. We work with shelters and individuals in MN, WI, MS, IN, and KY to reduce or eliminate the euthanasia rate of healthy dogs. After a period of rest and rehabilitation with one of our foster families, we work both within the Mary T. Inc. community and the larger Twin Cities' metro community to pair our canine friends with seniors, veterans, and people with physical or intellectual disabilities.

Our adoption program involves an initial application, followed by a phone interview and a home visit. Once these have been successfully completed, one of our staff will work with you to choose the perfect companion for you, your family, and your lifestyle.

Paddywack Pooches also has outreach programs that are available to the Twin Cities' metro area:

1. Respite care for the canine companions of seniors, veterans, and their families during times of crisis, illness, recovery, or deployment.
2. Re-homing for dogs who have suffered the loss of their human companion.
3. Our visiting dog program brings rescued companions to you! Schools, homes serving people with disabilities, senior centers, veteran's organizations, and church groups are just a few of the organizations that have enjoyed cuddles, kisses, walks, or simply time spent with our four-legged friends.
4. Presentations on canine rescue, canine adoption, basic obedience training, and the human-animal bond.

If you would like more information on any of our programs, please let us know!
